RELEVANT EXPERIENCE

Front-end Developer — Blip

AUG 2024 - CURRENTLY

Front-end development with React, NextJS and typescript. Back-end development support with .Net Core and C#. Conducted code review ensuring best practices, code quality and maintainability. Unitary and integration testing with Jest and Cypress.

Optimized loading times by implementing caching strategies, reducing unnecessary API calls, and improving customer retention.

Software Development Consultant - Digital Assurance & Transparency — PwC Brasil

SEP 2023 - SEP 2024

Development and consulting in best practices of software development and maintenance, version management, IT controls and CI/CD pipelines with Azure DevOps. Worked in the development of an internal component library.

Front-end Developer — Kumulus

OCT 2020 - OCT 2023

Front-end development with React, NextJS, Vue. CI/CD pipelines in Azure DevOps. Code review based on SOLID principles. Successfully migrated many middle-sized javascript projects into React with technologies such as Redux, React Query, GraphQL, Axios and component libraries such as Bootstrap, Material UI, Mantine UI and AntDesign.

Software Development Intern — Kumulus

NOV 2019 - SEP 2020

Support in Node and React projects with Typescript and UI with Figma. Development of microservices with AWS Lambda. API testing with Insomnia/Postman. GIT versioning. Development of RPAs with Python and Selenium.

SKILLS

JavaScript (ES6), TypeScript, React, Node, GraphQL, ReactQuery, C#, .Net, MySQL, PostgreSQL, Redis, Python, Azure, GCP, AWS, Salesforce

CERTIFICATES

Google Cloud Associate Cloud Engineer

SEP. 2021

Set a cloud solution environment, plan, configure, deploy, implement and ensure successful operation of a cloud solution and configure access and security;

Microsoft DP-900

APR. 2021

Foundational level knowledge of Microsoft Azure data services;

Microsoft AZ-900

APR. 2021

Foundational level knowledge of Microsoft Azure cloud services;

Microsoft AI-900

FEB. 2021

Machine learning (ML) and artificial intelligence (AI) concepts and related Microsoft Azure services;

Scrum Foundation Professional Certificate (SFPC)

OCT. 2020

Agile methodology, Scrum process and concepts;

LANGUAGES

Portuguese (Native),
English (C1),
French (A2);

GRADUATION

Universidade São Francisco, SP-Brazil —
Computer Engineering Bachelor Degree – JAN 2019 -
DEC 2023

ATC English Schools Ireland, Bray-Ireland —
General English course – NOV 2016 - JAN 2017
Cultural exchange program.
